

# Supervisory Officer's Qualification Program

## REGISTRATION NOW OPEN:

### Module 1 – The Personal Leadership Perspective

In this module, candidates further develop and apply their personal leadership resources within the context of system leadership. The focus is on understanding the interaction of the personal and professional ethical self and the need for ongoing reflection and learning. The focus includes building candidate capacity to establish and sustain a broadly shared mission, vision and goals.

Durham District SB

“

I have referenced my learning often and feel my skillset has grown as a direct result of the learning through the modules

- M. McNair, UCDSB

**Please contact EOSDN directly if you have further questions. Only applicants who have been accepted into the Program are eligible register for a module.**
